

Abhishek Kumar Gupta

Java Developer

+91-7283041703 abhikrgupta09@gmail.com linkedin.com/in/abhikrgupta1 github.com/imabhikrgupta

Profile Highlights

Strong foundation in Java, Spring Boot, and database systems (Oracle, MySQL, MongoDB). Skilled in debugging, problem-solving, and writing clean, maintainable code. Quick learner, adaptable to new technologies, with effective communication skills. Actively building projects and contributing on GitHub to strengthen portfolio.

Technical Skills

- **Core Java & Advanced:** OOPs, Collections, Stream API, Multithreading, Java 8, Serialization/Deserialization, Optional
- **Backend Frameworks:** Spring Boot, Spring MVC, JDBC
- **Databases:** Oracle DB, MySQL, MongoDB
- **Frontend:** HTML, CSS, JavaScript, React (Basics)
- **Testing:** JUnit, Mockito, Postman (API Testing)
- **Other Tools/Concepts:** Git/GitHub, Maven, JavaMailSender, MimeMessage, Eclipse IDE, VS Code

Projects

- | | | |
|---|--|--------|
| Student Management System (Web-Based Project) | <i>HTML, CSS, JavaScript</i> | GitHub |
| <ul style="list-style-type: none">* Developed a responsive web-based portal for student registration, record viewing, and updates using HTML, CSS, and JavaScript.* Implemented client-side validation and dynamic DOM manipulation to ensure accurate data entry and smooth user experience.* Designed a clean UI layout to enhance usability and showcase frontend development skills. | | |
| User Management System (Database-Driven Project) | <i>Core Java, JDBC, Oracle DB</i> | GitHub |
| <ul style="list-style-type: none">* Built a console-based application to manage user accounts with full CRUD functionality.* Applied DAO pattern for modular database interaction and ensured efficient Oracle DB connectivity using JDBC.* Structured the project with clean separation of concerns (Model, DAO, Service) for maintainability. | | |
| Product Management System (Spring Boot Project) | <i>Java 21, Spring Boot, Oracle DB, HikariCP</i> | GitHub |
| <ul style="list-style-type: none">* Designed a Spring Boot application with full CRUD operations for product management.* Implemented MVC + DAO architecture and integrated Oracle DB with HikariCP connection pooling for performance.* Deployed project on GitHub to showcase version control and portfolio readiness.* Planned future enhancements including web UI (Thymeleaf/JSP), authentication & authorization, and live deployment. | | |

Education

B.Tech in Computer Science Engineering, Technocrats Institute of Technology, Bhopal *2021–2025*

Coursework: DSA, Database Systems, OS, Cloud Computing, Software Engineering

Additional Training: Java Full Stack Development Naresh i Technologies (Ongoing)

Certifications

- **CodeChef certified in C & C++**
- **HackerRank Java Certificate**
- **HackerRank Basic SQL Certificate**
